

Mobile applications  
for the operating systems Android and  
iPhone

With the help of which it is possible to  
quickly and easily use the materials  
collected

The development of mobile applications  
is also considered to be a significant  
contribution to the promotion of the  
project

# MOBILE APPLICATION

# LEARNING HUB

The European Inclusive Learning Hub  
is a large repository of inclusive,  
searchable, and usable learning  
resources, methods, tools, and  
mechanisms, already tested, approbated

- early childhood
- primary
- secondary school
- vocational education
- training
- higher education
- adults education

Handbook  
and the translation of its individual  
parts into the working languages of the  
project

## How to strengthen the implementation of inclusive education at mainstream schools?

- Situation and challenges of inclusive education
- Analyze of normative acts regulating inclusive education
- Practical recommendations for developing innovative and inclusive teaching materials
- Samples of lesson plans
- Possibilities of using digital technologies
- Current challenges of education in crisis conditions

# HANDBOOK

The **success** of creating inclusive education as a key to establishing inclusive societies depends on agreement among all relevant partners on a common vision supported by a number of specific steps to be taken to put this vision into practice

The **project** will reduce the barriers to inclusion through active collaboration between, education personnel and other stakeholders, including the active involvement of policy-makers, members of the local community, such as political and religious leaders, local education officials and the mass media

# PROJECT PARTNERS
